

## Thinking about logos

Do you recognise these logos?  
What are they for?

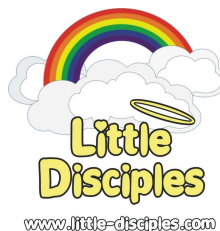

For each one, have a think:

What colours are they?

How many colours do they use?

How do they show the item they represent?

What about these logos?

This logo is for Fair Trade.  
How does it represent this?  
What can you see in the picture?

This logo is for *GreenPeace*, another environmental organisation.  
How does this represent the environment?

> Use the internet to have a look at some other logos if you can.

## Useful Websites:

There are lots of websites to look at to find out about climate change, but here are some to get you started:

### [The Time Is Now](#)

This is a link to the campaign to petition the government to push for a cleaner, greener and fairer future and to increase world efforts to stop climate change. Read more about what the campaign is doing here.

<https://ecochurch.arochoa.org.uk/>

This is the link to the Eco Church website. Find out what the church has to do to be an Eco Church.

### [Home | Fairtrade Foundation](#)

This is the Fairtrade website. Fairtrade aims to create fair working conditions and sustainable products for the future.

Here are some website links that will tell you more about climate change:

[What is climate change: facts for kids | National Geographic Kids \(natgeokids.com\)](#)

[We are WWF | WWF](#)

And of course you can look up Greta Thunberg, who has been actively campaigning against climate change.
